RADIATION PROTECTION AUTHORITY OF ZIMBABWE
RADIATION PROTECTION ACT [CHAPTER 15:15]

- INSTRUCTIONS: (i) Provide ALL the requested information
(ii) Information in item numbers 2 to 3 should be provided for each equipment/facility.
(iii) Tick appropriate box.
(iv) Use separate sheets where necessary.

NOTE: The Authority may require additional information to fully consider this application prior to issuing a license

**APPLICATION FOR AUTHORISATION TO TRANSPORT/TRANSIT RADIATION
DEVICE(S)/ MATERIALS**

1. GENERAL INFORMATION

(a) Name and Address of applicant:

- (i) Head of Institution applying for licence
- (ii) Name of Institution Applying for licence
- (iii) P.O Box
- (iv) Town / Country
- (v) Telephone
- (vi) Fax
- (vii) E-mail

2. EQUIPMENT/DEVICES/MATERIALS

a) Detailed description of the radioactive contents, their physical and chemical states and the nature of the radiation emitted

b) Purpose for which the radiation devices/material will be used for;

c) For unsealed radioactive materials give the following details:

Radionuclide (s)	
Maximum activity	
Physical form	
Chemical form	
Estimated weight per consignment/vessel	

Valid/ Previous licence no. (If not new Practice)

3. TRANSPORTATION OF RADIOACTIVE MATERIAL(S)

- a) Please give details of the mode(s) of transport which will be used e.g. road, rail, air, inland water way or sea; (In case of road transport provide details of vehicle registration and drivers responsible).

- b) Provide description of the packaging identification and containment system;

- c) Provide as an attachment a complete transportation plan detailing the intended dates of entry/exit into the country, point of entry and exit, route plan/information

- d) Details of the type route information (point) which will be used during transport;

4. Provide as an attachment a description of your radiation protection and emergency plan

5. Give a list of available qualified experts who will be responsible for transportation of the equipment or radioactive materials: (Names and qualifications)

(i)

(ii)

6. DECLARATION:

I
Radiation Protection Act

Certify that I have read and understood the
and that the information given is true and correct.

Date:

Signature of Applicant

For Official Use Only

- (i) Date at which Application form was received:
- (ii) Date at which the Application was evaluated:
- (iii) Licence/ Registration No.:
- (iv) General remarks and/or comments:

** It is an offence in terms of the Radiation Protection Act [Ch 15:15] Section 20 (1)(d) and (e) to withhold any information to the ownership or management of a radiation source or give information which he knows to be untrue or has no reason to believe to be true.*

Authorisation requirements and conditions

- i. Consignor is required to inform the Authority of the arrival/transfer details prior to clearance of the radiation materials,
- ii. You are required to apply for an authorisation at least two weeks from date of transportation /transit, the license expires two weeks after date of issue,
- iii. The authorisation for transport and transit for a single consignment shall be issued on condition that all safety requirements as specified in your documentation and in national and international standards would be met during transportation of the source in Zimbabwe.
- iv. This authority is subject to the IAEA Regulations for the Safe Transport of Radioactive Materials TS-R-1 (2009 Edition) under Special Arrangement Provisions.
