

## **RADIATION PROTECTION AUTHORITY OF ZIMBABWE**

### **Alert: Fraudulent Email Posing as RPAZ Staff**

Dear Valued Client,

It has come to our attention that a fraudulent email claiming to be from the Radiation Protection Authority of Zimbabwe (RPAZ) has been circulating. The email, sent by an individual using the name "Joyful Gudyanga," offers to renew licenses at a 50% payment of the total invoice amount. **This is a scam and not an official communication from RPAZ.**

#### **Please be advised:**

- RPAZ does not request partial payments or offer discounts on invoice amounts.
- All license renewals must follow the official processes as communicated directly from RPAZ.
- Payments should only be made to the official RPAZ bank account as listed on invoices issued from our office.

If you have received such an email or any similar correspondence, we strongly advise you to:

1. **Do not respond to the email.**
2. **Do not make any payments to unauthorized accounts.**
3. Forward the fraudulent email to us at [officialmail@rpaz.co.zw](mailto:officialmail@rpaz.co.zw) for investigation.

Your safety and trust are of the utmost importance to us. Please feel free to contact us directly if you have any questions or require further clarification.

Thank you for your vigilance and cooperation.
